

Chemical Supply

STC offers a broad range of over 300 speciality chemicals, backed by over 35 years of experience in the field of speciality chemicals.

Our chemicals are designed to enhance the operations of oilfields, petrochemical plants, power and water plants as well as their respective pipelines, and storage facilities.

These chemicals have a wide spectrum of applications including use in drilling and oilfield operations, water treatment and purification, power production, inhibition of harmful substances, and can also be used in the storage of water and chemicals.

Demulsifies **المستحلبات**

تعزيز فصل المستحلبات والمخاليط

Inhibitors **مثبطات**

مثبطات التقشر والتآكل ، بما في ذلك تثبيط الأكسجين

Water treatment **معالجة المياه**

فصل المواد الصلبة عن السوائل ، بما في ذلك قواطع
المستحلب العكسي وإزالة الرائحة

Chemical Supply

Biocides المبيدات الحيوية

مكافحة الكائنات الحية الضارة بما في ذلك المبيدات

Oilfield Chemicals كيمائيات حقول النفط

المواد الكيميائية المتخصصة لتحفيز حقول النفط
وسوائل الحفر

Scavengers المغربل

التقاط الكبريتيدات والجزيئات الأخرى غير المرغوب
فيها ، بما في ذلك المعادن

Polymer Chemicals الكيمائيات البوليمر

العوامل العاملة والمواد الكيميائية المستقرة

Custom Specialty Chemicals كيمائيات تخصصية مخصصة

مواد كيميائية مصممة خصيصًا لقضايا التشغيل العامة
بما في ذلك المواد الكيميائية التي تعزز الكفاءة
