

IOSH Working Safely

Course Overview

- **IOSH** is the Chartered body for health and safety professionals. With more than 47,000 members in over 130 countries, they are the world's largest professional health and safety organisation. IOSH was founded in 1945 and is a registered charity with international NGO status.
- **IOSH Working Safely** is a completely different approach to safety and health training. It's a high-impact programme designed to be fun and get people fully involved. The first-class, jargon-free content is based on what people need to know in practice, and not off-putting legal language.

Course Objectives

Upon the completion of the course, delegates will be able to:

- Understand why they must 'work safely.'
- Understand the difference between hazards & risks.
- Understand hazard identification.
- Appreciate and improve upon safety performance within the workplace.

Course Modules

Working Safely covers...

- Module 1 - Introducing Working Safely
- Module 2 - Defining hazard and risk
- Module 3 - Identifying common hazards
- Module 4 - Improving safety performance

Target Audience

- Working Safely is for people at any level, in any sector worldwide, who need a grounding in the essentials of safety and health.
- Anyone and everyone in a working role who wants to learn the basics of safety and health.

Suggested Progression

- Many people that study the IOSH Working Safely qualification go on to study for IOSH Managing Safely.

Course Language

- Arabic but most terminology is in English.
- Training can be presented in English only based on request.

Course Methodology

- Presentation and Demonstration Techniques

IOSH Working Safely

- Gallery Technique
- Case Studies and Real-World Scenarios
- Interactivity
- Audio-Visual Demo
- Brainstorming
- Gamification

Trainee Materials

- Delegates will be provided with IOSH Working Safely Workbook containing all course modules.

Course Prerequisites

- There are no formal prerequisites for attending this course.

COVID-19 Outbreak Precautions

1. Arrange tables and chairs to allow for social distancing (6 feet) as per CDC USA.
2. All trainees should wear masks during the classroom.
3. Availability of a hand sanitizer that contains at least 60% alcohol and soft tissues.
4. Clean and disinfect commonly touched surfaces and any shared items.
5. Making sure the training room is well-ventilated (for example, open windows or doors).

Course Duration

- 2 Days

Participants

- Min 07 - Max 20.

Course Assessment

- The assessment is split into 2 parts:
 1. Multiple-choice assessment format
 2. Practical unit assessed by three hazard spotting exercises

Course Certificate

- An IOSH Working Safely certificate and/or passport card is awarded to all those who attend the course and successfully complete both the written and practical assessments.
